Product	DAYDREAM Eau de Parfum (finished consumer product)
Version / date of issue	1.0 / 15 October 2026

Section 1. Identification

Product identifier	Daydream Eau de Parfum, 5 ml to 50 ml spray
Recommended use	Fine fragrance applied to skin (IFRA Category 4). Not for other uses.
Supplier	Eterna Group LLC dba Aromatick, 2449 SW Calgan St, Port St. Lucie, FL 34953, USA
Phone / e-mail	+1 772-212-8396 · rodney@aromatick.com
Emergency phone	Poison Control (US): 1-800-222-1222 · Supplier: +1 772-212-8396 (business hours, ET)

Section 2. Hazard identification

Classification	Flammable Liquid, Category 2 · Serious Eye Irritation, Category 2A · Skin Sensitization, Category 1 · Hazardous to the Aquatic Environment, Long-term, Category 3
Signal word	**Danger**
Pictograms	GHS02 (flame), GHS07 (exclamation mark)
Hazard statements	H225 Highly flammable liquid and vapour. H319 Causes serious eye irritation. H317 May cause an allergic skin reaction. H412 Harmful to aquatic life with long lasting effects.
Precautionary statements	P210 Keep away from heat, hot surfaces, sparks, open flames and other ignition sources. No smoking. P233 Keep container tightly closed. P261 Avoid breathing spray. P273 Avoid release to the environment. P280 Wear protective gloves/eye protection when handling bulk product. P302+P352 IF ON SKIN: Wash with plenty of soap and water. P305+P351+P338 IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. P333+P313 If skin irritation or rash occurs: Get medical advice. P403+P235 Store in a well-ventilated place. Keep cool. P501 Dispose of contents/container in accordance with local regulations.
Consumer use	As a cosmetic used as directed, the finished product is labeled under cosmetic rules: Flammable. Keep away from heat and open flame. Avoid contact with eyes. Do not apply to broken or irritated skin. Stop use if irritation occurs. Keep out of reach of children.

Section 3. Composition / information on ingredients

Mixture: fragrance compound dissolved in denatured ethanol (perfumer's alcohol), no water. Components contributing to classification:

Component	CAS	% w/w	GHS classification of the component
Ethanol (denatured)	64-17-5	79 – 80%	Flam. Liq. 2; Eye Irrit. 2A; H225, H319
Fragrance compound, containing:	Mixture	20%	See below
Bergamot oil, furocoumarin-free	89957-91-5	3.40%	Flam. Liq. 3; Skin Irrit. 2; Eye Irrit. 2; Skin Sens. 1; Asp. Tox. 1; H226, H304, H315, H317, H319
Limonene (dl- and d-)	138-86-3	2.47%	Flam. Liq. 3; Skin Irrit. 2; Skin Sens. 1B; Asp. Tox. 1; Aquatic Acute 1; H226, H304, H315, H317, H400
Linalyl acetate	115-95-7	1.66%	Skin Irrit. 2; Skin Sens. 1B; H315, H317
Linalool	78-70-6	0.61%	Skin Irrit. 2; Eye Irrit. 2A; Skin Sens. 1B; H315, H317, H319
Hydroxycitronellal	107-75-5	0.44%	Eye Irrit. 2A; Skin Sens. 1B; H317, H319
alpha-Pinene	80-56-8	0.2 – <1%	Flam. Liq. 3; Skin Irrit. 2; Skin Sens. 1B; Asp. Tox. 1; Aquatic Chronic 1; H226, H304, H315, H317, H410
3-Methylcyclopentadecenone	82356-51-2	0.2 – <1%	Skin Sens. 1B; Aquatic Acute 1; H317, H400
Citronellol	106-22-9	0.26%	Skin Irrit. 2; Eye Irrit. 2A; Skin Sens. 1B; H315, H317, H319
Coumarin	91-64-5	0.12%	Acute Tox. 4; Skin Sens. 1B; H302, H317
Butylated hydroxytoluene (BHT)	128-37-0	< 0.2%	Aquatic Chronic 1; H410

Remaining fragrance components are not classified or are below the concentration that would affect classification. Full EU fragrance-allergen content is given in the Daydream EU Allergen Declaration.

Section 4. First-aid measures

Eyes: Rinse immediately with plenty of water for at least 15 minutes, holding eyelids open. Get medical attention if irritation persists.

Skin: Wash with soap and water. If a rash or irritation develops, stop use and get medical advice.

Inhalation: Move to fresh air. Get medical attention if symptoms occur.

Ingestion: Rinse mouth. Do not induce vomiting. Call Poison Control (1-800-222-1222) or a doctor.

Most important symptoms: eye irritation; allergic skin reaction in sensitized individuals.

Section 5. Firefighting measures

Suitable media: Alcohol-resistant foam, carbon dioxide, dry chemical, water spray to cool containers.
Unsuitable: direct water jet.

Specific hazards: Highly flammable. Vapours may form explosive mixtures with air and travel to an ignition source. Combustion produces carbon monoxide and carbon dioxide.

Protective equipment: Self-contained breathing apparatus and full protective clothing.

Section 6. Accidental release measures

Remove ignition sources and ventilate the area. Absorb with sand, earth or another inert absorbent and place in a closed container for disposal. Keep out of drains, surface water and soil.

Section 7. Handling and storage

Handling: Keep away from heat, sparks and open flame. Avoid contact with eyes. Use in a well-ventilated area.

Storage: Store tightly closed in a cool, dry place away from direct sunlight and heat sources. Recommended 15–25 °C.

Section 8. Exposure controls / personal protection

Exposure limit (ethanol): OSHA PEL 1000 ppm (TWA); ACGIH TLV 1000 ppm (STEL).

Consumer use: no protective equipment needed when used as directed. **Bulk handling:** ventilation; nitrile gloves; safety glasses.

Section 9. Physical and chemical properties

Appearance	Clear, colourless to pale yellow liquid
Odour	Characteristic fragrance (citrus, tea, amber)
Flash point	Approx. 20 °C (68 °F), closed cup, estimated from ethanol content
Initial boiling point	Approx. 78 °C (172 °F) (ethanol)
Relative density	Approx. 0.83 (20 °C)
Solubility	Partly soluble in water; may turn cloudy
Flammability limits (ethanol)	3.3 – 19% v/v in air

Section 10. Stability and reactivity

Stable under normal storage conditions. Avoid heat, flames, sparks and strong oxidizing agents. No hazardous decomposition products under normal use.

Section 11. Toxicological information

The mixture has not been tested as a whole. Classification is calculated from component data using the GHS additivity method. **Eye:** causes serious eye irritation (ethanol). **Skin sensitization:** contains fragrance sensitizers at levels that may cause an allergic skin reaction in sensitive individuals. **Acute toxicity, skin irritation, mutagenicity, carcinogenicity, reproductive toxicity, STOT, aspiration:** based on available data, the classification criteria are not met.

Section 12. Ecological information

Harmful to aquatic life with long lasting effects (fragrance components). Ethanol is readily biodegradable. Avoid release to the environment.

Section 13. Disposal considerations

Dispose of contents and container in accordance with local, state and federal regulations. Do not pour into drains. Empty consumer bottles may be recycled where facilities exist.

Section 14. Transport information

UN number	UN1266
Proper shipping name	PERFUMERY PRODUCTS (with flammable solvents)
Hazard class / packing group	3 / II
Consumer shipments	Retail bottles (inner packaging 50 ml or less) ship as Limited Quantity by ground. Environmentally-hazardous marking is not required for inner packagings of 5 L or less (UN Special Provision 375).

Section 15. Regulatory information

Finished cosmetic product. US: cosmetic under the FD&C Act and MoCRA. Fragrance compound certified to the IFRA Standards, 51st Amendment (see the Daydream IFRA Certificate). EU fragrance allergens are declared per Regulation (EU) 2023/1545.

Section 16. Other information

Prepared by Eterna Group LLC dba Aromatick from the fragrance supplier's safety data sheet (UN GHS) and standard ethanol data, for a finished product containing 20% fragrance compound in denatured ethanol. The information is to the best of our knowledge accurate but is given without warranty. Revise if the formula or concentration changes.
